DETAILED ACTION

This action is responsive to the amendment filed 07-03-2008, which has been entered.

Claims 1-14 and 17 are allowed. Claims 15-16 and 18-56 have been canceled.

EXAMINER'S AMENDMENT

Election/Restrictions

1. This application is in condition for allowance except for the presence of claims 15-56 directed to an invention non-elected without traverse. Accordingly, claims 15-56 have been cancelled. The amendment to claim 1 narrows the claim so as to require a roller ball that makes it impossible to rejoin claims 15-16. Claims 15-16 belong to an invention that does not require a roller ball and it would have been impossible to rejoin two different embodiments. Therefore, claims 15-16 have not been rejoined because they improperly depend from claim 1.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: the prior art fails to anticipate or render obvious the combination of dynamic bushing set forth in claim 1, and most significantly requires tube retention being defined by an apex having at least one top guide member extending therefrom into the tube retention area, the tube retention area further being defined by a surface of the piston, the piston being movable towards and away from the apex and having at least two bottom guide members extending therefrom into the retention area and wherein at least one of the guide members comprises a roller ball. None of the prior art, in whole or in combination clearly disclose the guide member comprises a roller ball.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marcus Charles whose telephone number is (571) 272-7101. The examiner can normally be reached on Monday-Thursday 7:30 am to 6:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ridley Richard can be reached on (571) 272-6917. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
